fermenters, indigenous yeast.

Maturation: nine months in new (15%) & used
French Barrique (225l), full malolactic fermentation.

No fining or filtration.

Contains sulphites

Bottled 2 February, 2021.

Tasting Notes:

This wine contains for the first time fruit from our
recent plantings of Pommard.

Slightly lighter in appearance than the 2019, the
wine nonetheless has an immediate impact with
perfumed red fruit bursting from the glass. Fragrant
aromas of dark red berries, while light clove spice
and oak is also evident.

On the palate the wine is another example of power
and balance with all elements integrating nicely to
deliver texture, complexity and plenty of length.

Excellent drinking now and will improve further
through to 2030.

Vegan friendly: no animal products used.

12.5% alc/vol; Approx. 7.4 standard drinks
